

2024 MAPS BREEDING STATUS LIST

List all species ever encountered at the station!

Location: _____ **Station:** _____

Period Status Codes: Please record only the highest hierarchical breeding status observed during each period (C supersedes P and O; P supersedes O), and the appropriate daily sub-codes (hierarchically listed) describing the behavior or observation indicating that status (e.g., Cn, Pc, or Ob). If a species wasn't observed, use a ---. If a station was operated two or more days in a period, record only the highest breeding status observed.
