

## 2024 MAPS SUMMARY OF MIST-NETTING EFFORT - pg 1

LOCATION CODE: \_\_\_\_\_ STATION CODE: \_\_\_\_\_

List net numbers of all 12-m nets: \_\_\_\_\_

List net numbers and lengths (in meters) of all other nets:

If any nets are stacked, list their net numbers and how stacked (e.g. net 02 and 03 stacked: 02-low, 03-high, etc.): \_\_\_\_\_

Describe any changes in your nets or net sites since last year. **Any moved nets require new net numbers!** \_\_\_\_\_

### MAPS PERIODS

Period One: May 01 - May 10  
 Period Two: May 11 - May 20  
 Period Three: May 21 - May 30  
 Period Four: May 31 - June 09  
 Period Five: June 10 - June 19

Period Six: June 20 - June 29  
 Period Seven: June 30 - July 09  
 Period Eight: July 10 - July 19  
 Period Nine: July 20 - July 29  
 Period Ten: July 30 - August 08

**NOTE:** Heavy snowpack in some years can cause the breeding season to be delayed in the higher elevations of the western mountains. We allow the entire MAPS season to be shifted later by one or even two periods in these instances. If your station experienced a delay in breeding this year due to heavy snowpack, please indicate the number of periods you shifted this year (1 or 2): \_\_\_\_\_

Intended Period	Date (mm/dd)	Net number(s)	Open Time (nearest 10 minute)		Close Time (nearest 10 minute)		Net Hours	Period Net Hours	Note No.*
			hour	minute	hour	minute			
<i>e.g. 3</i>	<i>05/21</i>	<i>01-08, 10</i>	<i>06</i>	<i>00</i>	<i>12</i>	<i>00</i>	<i>54.00</i>		
<	<	09	06	30	12	00	5.50	59.50	1
				0		0			
				0		0			
				0		0			
				0		0			
				0		0			
				0		0
